

Dear All

Following last night's announcement of increased movement restrictions, I am emailing to check what provision you will need for the rest of this week.

I know that some of you have already let me know that your needs have changed and so we have fewer children accessing this provision. In order to prevent me bringing staff into school if there are no children requiring care on a particular day, it would be helpful if you could email me your needs.

Obviously, if there is still a need for staff to be in school then we will be there!

Please remember the advice:

1. If it is at all possible for children to be at home, then they should be.
2. If a child needs specialist support, is vulnerable or has a parent who is a critical worker, then childcare provision will be available for them.
3. Parents should not rely for childcare upon those who are advised to be in the stringent social distancing category such as grandparents, friends, or family members with underlying conditions.
4. Parents should also do everything they can to ensure children are not mixing socially in a way which can continue to spread the virus. They should observe the same social distancing principles as adults.

Many thanks for your assistance in this.

Take care everyone

Best wishes

Iain
